

# LOST

## Please Help!

LOST/STOLEN DOG: Ozzie is 8 years old, he has a distinct scar on his hind leg, fawn. If anyone knows anything at all, PLEASE do the right thing. We don't care about the objects stolen, we care that our threatened member is safe, but also the fact that not a dog, but a family member is now missing/stolen. There is a reward for his return.

Please contact me online:
