## Please Help!

Lost puppy in Waco near 6th street and Brook Avenue around 5 PM. She got scared by a tree branch falling and bolted through a hole in the fence. She is microchipped but not wearing a collar. Very skittish. Her name is Rosie, but she still doesn't fully know her name since I only rescued her 2 weeks ago. She is approx. 3-4 months old and about 20 pounds. Best guess on breed is black lab corgi mix. Black with brindle markings. White spot on chest. Please help!
