## Please Help!

Found Dog; Hi guys. Video is a bit blurry but this is the second night in a row that I see this dog. It barks at passing cars. I can't pick him up because he seems aggressive plus I have 8 pets at home. I would hate to see the dog get hit by a passing vehicle. This is exactly right in front of Red Sands on Montana. I'm hoping someone can help. Dog looks like Great Pyrenees.
