

LOST

Please Help!

Lost Bag. I left a black nylon bag on the 504 bus on March 15th at about 6pm. I jumped off at Roncesvales near The Queensway and later I realised that I left my bag. It was full of gifts for my sister who I was visiting: a pair of denim overalls, a blue hoody, a blue tshirt and a pair of blue track pants. There was also two packets of cigarettes a pair of socks and some peanut butter cups. I have never done such a careless thing before. I am very upset.
