

LOST

Please Help!

Lost bracelet: Hi everyone, I lost my bracelet this afternoon (21 March) around 1:45 PM while taking bus 442 from the QVB stop to Balmain. After getting off the bus, I realized it was missing. I may have dropped it on the bus (I was sitting at the back) or at the bus stop. It's very special to me, so if anyone happens to find it, I would be really grateful. Please let me know if you see it. Thank you so much!
