

LOST

Please Help!

"Lost Dog: ""Bandit"" is still missing since Wednesday evening. I live near W. 8th and Madison (Ridge Rd)in Sedgwick Kansas. I have checked with the Humane Society's in Wichita and Newton with no luck. I have driven every street and alley, walked down to the creek and RR Tracks. I'm hoping with the weekend coming more families will be out and around Sedgwick and he will be located. Bandit is an Aussie/Husky mix, 13 y/o, 42 lbs, right eye is blue, has a collar and tags but not chipped.
