

# LOST

## Please Help!

Lost Bird: ☐Lost Cockatiel☐ Our pet cockatiel flew away at about 5pm on 5/4/2025. She flew away in North shore, Geelong. She is very tame and friendly, and she has a red ring on her right leg. If anyone sees her or has any information, please let me know. We're very worried and would really appreciate any help. Thank you so much!
