

LOST

Please Help!

Lost Item: Hoping for a miracle to find my husbands wedding ring at Newcastle beach! Can anyone help? It is silver coloured (white gold metal) engraved with my name "Aneta 21/12/03" on inside. Lost swimming at Newcastle beach 22/01/25. It is a plain band with 2 stripes. If anyone can help or recommend someone or something else to try - that would be amazing!
