

LOST

Please Help!

Lost Dog: Hey Fb Family, my dog Blue went missing on Old Harford Road (Parkville Area) on Saturday, April 5th, 2025 between the time of 8:30pm-9:30pm at night, she's a short haired grey American bully, with white fur going down her chest. She's about 90 lbs, not really long. You can see how big she is from the video. She also has a cyst on the left side of her neck. I posted a picture of how it looks. Also, She's very friendly, barely barks, loves water and treats. We miss her so much, if anyone
