

LOST

Please Help!

Lost Dog: Teddy got out February 23rd around noon in the Belair Edison community. Although I've gotten several calls and leads, none have lead to a positive match. We are still offering a \$500 reward to bring Teddy home. If you see a dog that looks like Teddy please lmk. His birthday is in just a few days and we'd really like him home. Please feel free to send pics of possible sightings. Even if he's being walked by someone or in someone's yard. (Please don't trespass or approach anyone).
