

LOST

Please Help!

Lost Items: Hi everyone, I lost a set of keys (with some sentimental keychains) and my AirPods on Monday in the St Clair Ave West area. I usually keep them in my jacket pocket, and while I don't remember using my AirPods that day (the battery was dead), I was walking on Benson Ave between Hendrick Ave and Rushton Rd. I've retraced my steps and checked the streets, but no sign so far. Unfortunately, Find My still shows their last location in Mexico (I just got back from vacation last weekend).
