

LOST

Please Help!

Lost Cat: Hii everyone! This is Creature, who got out of our house through a hole that we were not aware of until today which led him into our backyard and out of sight on BEACH 86th STREET BAY SIDE. We currently have a trap placed where he was last seen coming out of which was under our neighbors back porches. He has a little white patch under his neck and on his stomach so please if you see a similar black cat, message me. Thank you so much! 🐾🐾 #SaintAnthony
