

# LOST

## Please Help!

Lost Item: I lost this coin while jogging in the Woodcroft community on Monday, April 7. It is a 1/4 Krugerrand (South African coin). The coin has a bezel/case around it with a loop at the top. The map below is the route I took. It was at the intersection of 135st and Woodcroft ave that I noticed it was gone. If found, please text or call. If someone finds and returns it to me, I would be happy to pay them a generous reward.
