

# LOST

## Please Help!

Lost Item: Lost brown leather jacket in Edmonton at IKEA South Edmonton Common on April 4th afternoon. We believe it was lost near the parking lot, near the shopping cart return west of the store entrance. Coat Description - soft smooth leather - 3/4 length - custom made for petite woman - wispy dark fur hood with string As this coat was a loved family gift, I am offering a reward for its return and no questions asked. The coat is in immaculate condition.
