## Please Help!

Lost Item: Hey Guys, Lost my Apple watch! It's old version and has really no value for whoever found but its very valuable for me. Because it's belonged my father who has passed away 3 years ago. I tried to track it but It's shows that location is on USA army Base housing and they didn't allow me to go in actual location. I know chance is very low to retrieve it but i still have some hope. Thank you
