## Please Help!

Lost Pet: If anyone has seen this German Shepred, his name is Atlas. He's 9 years old and was taken from my apartment. Please message me if anyone has information. We live near Mckelligon Canyon entrance off of Alabama St. Fitfam showed a photo of what I believe was him, 10 miles north near Painted Dunes off of Mcombs St. Tried seeing if they'd post again the photos I sent them but havent heard since
