

LOST

Please Help!

Lost Pet: ****URGENT - PLEASE HELP!**** My cousin's beloved dog went missing last night between 7:30 and 8:30 PM near the central/downtown area, close to the Santa Fe border. We are absolutely heartbroken and desperate to find him. He's a small schnauzer, light grey and white, and was wearing a blue bandana around his neck. His name is ""Quico"" and he's very sweet, and he means the world to my cousin. I've searched every corner of the neighborhood and even crossed into Juárez hoping to find him,
