## Please Help!

Lost Item :I lost my airpods 4 with noise cancellation charging case with no airpods inside on the metro from Sydenham to Tallawong metro line around 4:10 on Monday and my friend who was heading to Tallawong had said to me someone had given it to one of the staff on Epping metro but when I went there to retrieve them, they didn't have them. So please if anyone has found airpods 4 charging case with noise cancellation and with no airpods that has a thumbs up icon on the front , please let me know
