

LOST

Please Help!

Lost Item : Hi all my daughter lost her rabbit today on the 27/04 at the large arcade on the pier at Skegness. She's been so upset as she sleeps with it and carries it everywhere. My heart has been broken for her. His name is Bun Bun and he's navy blue with star ears. I know he's a jelly cat but he's more than that to my daughter, he's priceless to her. I live in Rugby and had to travel home with my daughter in tears. Please help me find him. I will pay to get him home.
