

LOST

Please Help!

Lost Item : Lost Wallet on DLR - Please Help Last night around 11 PM, I lost my wallet on the DLR between Gallions Reach and Custom House stations. I realized it was missing at Custom House, but I'm unsure whether I lost it on the platform or during the journey. I've already filled out the lost property form with Transport for London. If anyone has found a wallet or has any information, please contact me. The wallet contains my ID, driving licence, bank cards, and other important documents.

Please contact me online:
