

LOST

Please Help!

Lost Item: I lost my shoes that was in a banana republic paper bag yesterday on the TTC from St George to Kipling station. I arrive at the Kipling station at around 10:10 last night when I realize I left my bag of shoes on the subway but it was too late to return and look for it as it already left. I've contacted the lost and found center but they still have not found it. If you find it / seen it please let me know!
