Please Help!

Lost Dog: Found near Krag & Jim Bridger on Friday, April 11. Appears to be a Shepherd or Malinois mix. Gets along well with other dogs. Scanned at Petco & has no microchip, tag or collar. We've named him Dobby, due to the ears, but unfortunately I can't keep him here any longer. Please share to help find the rightful owner or a new home that will love and appreciate this very sweet and intelligent dog.
