

LOST

Please Help!

Lost Item : This is quite a longshot, however comma, I'm willing to try. Around 5-6 years ago I purchased a lanyard online from a youtube channel I that I really loved. The lanyard is black and white with the words Unus Annus all over it and it uses a large claw clasp. It also had a pink hello kitty key on it. I know I had other charms on it but I don't remember those very well. I may have lost it in the Delwood area and I looked all over the park for it to no avail.
