Please Help!

Lost Cat :Lost foster cat Recently picked up a foster cat and I'm devastated but she has escaped, Located near Ramose close in Heathridge. Her name is Raquel, she is 1 year old and was picked up as a scared stray rescue. She's a grey domestic medium hair with gorgeous big yellow eyes. I have put some toys as-well as food and her bedding outside and will be picking up a cat trap. If you see/find her please contact me or cat haven.
