

# FOUND

## Please Help!

Found Dog : Pupdate: Their person was found. Thanks everyone. Found 2 medium/large dogs on Valley ST at Bickmore AVE in Old North Dayton. A Male and a female. One is tan the other one is black and white. I have no way to check them for microchips. I can't hold them long since I already have 12 other ""found"" dogs that no one has claimed. Please contact me through the comments or on messenger
