

LOST

Please Help!

My daughter lost her teddy on a flight from Manchester to doha, we had a very quick change over from doha to phuket on 17th may 2025 and I think he was left on the plane ☹️ I now have a very sad 9 year old daughter. It would mean the world to her to get him back, he is her teddy from a baby so basically he's part of our family. I would be so grateful if he was found and able to come home, he is circle polar bear squishmallow with a tartan scarf around him, a few marks from years of love. Thank u
