

# LOST

## Please Help!

My wife lost her engagement ring on 8th June afternoon between 12nn and 1pm. We went from Wimbledon to Turnham Green via district line to have a family lunch, she found the ring was lost while in the restaurant and could not find it there, and she had no idea where she lost it. She loss some weight in the past years so the ring was quite loose and might slipped off from her finger. We have reported the lost item to TFL.
