LOST CAMERA - SARAJEVO On June 17th, 2025, I lost a Sony digital camera somewhere near the Jewish Cemetery in Sarajevo or possibly on the tram. I don't remember the exact model, but it was a compact, portable digital camera. The camera contains photos taken in Sarajevo and Mostar, and more importantly, personal pictures from Istanbul, Turkey, which are very valuable to me. If anyone has found or seen the camera, please contact me. E-mail address: batusahinkaya@hotmail.com
