## Please Help!

"Found Cat : Hi is anyone missing this beautiful boy, I found him roaming in Yagoona Hume highway 2 nights Limping and scaring on his neck that looks like from a cat attack. He was very sweet and it was really cold so I took him back with me and cleaned him up gave him medicine and flea wash Took him vet no micro chip or desexed PM if any info. If no one comes forward I'll end up keeping him or finding a rehome, cause it's pretty sad if you're letting your kitten neglected like this.
