

# FOUND

## Please Help!

☐☐ I found a stuffed toy at Gatwick Airport - North Terminal yesterday evening (11th July). Tried to locate the lost and found office but didn't have enough time, so the bunny is still with me. It is very used. Surely a well-loved friend for a small child who is probably very sad now. I would be more than happy to ship it back to its owner. Update: it seems I can't upload the photo in this post
