

LOST

Please Help!

My six year old daughter has lost her very special teddy bear, Bumble, who she has had since she was in NICU as a preemie baby. He is jellycat Breton bear with a navy and white striped t shirt on. He looks quite well loved. He was lost between Slough Premier inn on Windsor rd and the train from Slough to abbeywood a few minutes before 10am. We got off at Whitechapel but we realised when we got off our connecting train to witham, Essex, that Bumble had gone. She is devastated
