## Please Help!

Small black digital camera in a small black zipped pouch LOST in Florence on the night of August 12th! Either a Sony Cyber-shot DSC-WX9 or Sony Cyber-shot DSC-WX50 (can't remember). It had a black cord attached to it. SD card had all photos of me and I boyfriend with views of the Dolomites, lakes and Florence. The last pictures/videos taken were of us at a pasta cooking class on the evening of August 12th, shortly before we lost our camera later that night.
