

LOST

Please Help!

We have lost our Build a Bear Teddy Bear named Brownie. We believe we lost it at the Anfield near the museum toilets and someone took it. It was dressed like in the picture, under his "Liverpool hoodie" he has "London" T-shirt. If you press his paw it says: "Hallo from London", with my daughters recorded voice and it has a "heart device". We really miss him and we want him back home. So please, if you know someone has it, let them know, that there is a girl who misses it.
