

LOST

Please Help!

We have lost our plush penguin Egbert (without the blue sign). It must have happened in New Brighton, between the library and the Woolworths Supermarket on Sunday, November 23rd between 12 noon and 1PM. He has travelled with us from Germany. When we looked for him the next day (24.11.2025), we met someone from the supermarket staff who thinks she saw Egbert in a dog's mouth! Maybe the dog's owner is in this group and can please reply?! We'd like to have him back - no matter in what condition...
