

LOST

Please Help!

I lost my handbag bag near 2 Canal Way landbrook grove. Brand: MONKI Colour: White / Beige Key Feature: Large, prominent silver buckle on the front. Contents Inside: A distinct heart-shaped pocket mirror, a baby pink earphone case, lipstick and lip liner, some keys and wallet. I am incredibly anxious to get the bag back, especially for the keys and sentimental items inside. If you or any of your friends spotted it or handed it in, please contact me immediately! Thank you so much.
