

LOST

Please Help!

This furry guy to the right is Lucas. I lost him on July 18th somewhere at Burlington Airport, in the arrivals area near the rental car counters. He was made by my grandmother 40 years ago and has been traveling with me ever since. It's a long shot, but if anyone picked him up and took him home, please reach out to me, as he holds immense sentimental value for me. There's a \$500 finder's reward, no questions asked, if your kid picked him up by accident or whatnot. Naturally, I will cover all expenses as well.
