

# LOST

## Please Help!

I lost my grandmothers distinctive gold Snake ring last night (8th March) in the Old Street Area. I last had it at Serata Hall then walked from there to 25 Paul street via cowper street past xoxo. I have notified both venues and am offering a cash reward of £200 for its return. I do not have a photo but attached is a photo of a similar snake bracelet. My ring is less patterned as the detail has rubbed off with wear but has the same red stones for eyes.
