

# LOST

## Please Help!

It seems our little Jofré Giraffe is lost forever in the royal mail system as he never made it to the Wellingborough Depot from South Midlands distribution centre in Northampton. Jofré is a Jellycat merryday giraffe, who represents a charity called Giraffes on Tour, who raises awareness and money for Great Ormand Street Children's Hospital in London. He was coming back to us from doing important charity work, but never arrived home. To say that we are devastated is an understatement
