

LOST

Please Help!

Hi, I know it was a while ago now, but I lost my teddy last year at the Bali airport. He fell out of my bag as I was rushing to get my flight. I have had my teddy for 16 years and love him so much. It's been really hard without him. It would be a miracle to be reunited with him. I would really appreciate some help. (sorry had to repost there was an error with uploading the image)
