

LOST

Please Help!

Lost: makeup bag Cream and gold striped material, wooden button. Homemade (no branding) Contained a few bits of makeup (lipstick, eyelash curler, powder, eyeshadow, brush) Most likely left in toilet at concert venue Kings Place It's monetarily not worth much (all old, cheap makeup) but sentimentally invaluable - I made it! The eyeshadow I've had since I was at school. I don't mind at all how someone came by it, if I'm able to get it back - I'll happily buy you a thank you gift :)
