

# LOST

## Please Help!

My grand daughter lost her teddy bear late on 26th June we flew from Chania Airport to Stansted via Jet2 on a delayed flight that left around 12 midnight. We were in gate 15/16. We think he was left behind in the gate but he could also be in the terminal. He is a much loved bear and my grand daughter was very upset. He is brown with a long washing label.
