

# LOST

## Please Help!

We've lost our chimp / chimpanzee companion "Charlie" Chiggles. We left the Moto Services Exeter and headed to Cornwall (Westbound) on the A30. We were somewhere around 30 minutes outside of the services when we stopped in a layby for a comfort break. We believe it dropped out there. We've had no luck at the Moto Services Exeter or travelling back down the A30 stopping at multiple layby's. Any help would be amazing!
