

# LOST

## Please Help!

On the early hours of Sunday 2nd June 2024, I had lost my black Kurt Geiger bag on Charing Cross road. It is a black leather bag, with multicolour stitching around the handle and rim of the bag. Inside of the bag, there were clothes (a black top with a gold image on the front & black flared trousers), an umbrella, dark blue satin headscarf, a Chinua Achebe book, Duracell power bank, iPhone charger plug & lead amongst other things.
